

Format Bulletin:

Provincial Challenges

July 2021

Introduction

The Provincial Challenges are intended to provide a supplementary competitive opportunity for all BC Speed Skating members who meet the age restrictions specified below. As BC Speed Skating moves through this Reactivation season, skaters will have an opportunity to compete both head-to-head and virtually via the Provincial Challenges.

General Procedures

- Participants must be BC Speed Skating members in good standing.
- Challenges may be completed during sanctioned events or unsanctioned events when supervised by a certified coach.
- Results (number of laps or time) must be recorded by a certified coach or official dedicated to the individual or team.
- Times are recorded to the hundredth of a second.
- Should two teams (in a category of the Relay Challenge) have skated the same number of laps, a tie would be broken in the following manner: the number of entries into the relay challenges (during the current skating season) for each team member would be added together. The team (of those tied) with the higher “participation number” will be declared the winner. This is to promote season-long participation in the relay challenges.
- Should two skaters (in a category of the Sprint Challenge) have skated the same time to the hundredth of a second, they will remain tied.
- Submissions must be made via online form by March 18, 2022.

Relay Challenges

The Relay Challenge is a 2-person event. The Relay Challenge must be contested from a standing start. Each team member must complete at least one lap for the team to be eligible. An event timer (separate from the individual(s) recording results for each team) will signal the end of the designated time. Skaters will finish the lap they are skating, which shall be counted as the final lap.

The Relay Challenge will be contested in one of eleven categories, as follows:

- 6 minute FUNd relay on the 100m track (mixed gender)
- 10 minute L2T relay on the 100m track (mixed gender, all-female, all-male)
- 10 minute T2T relay on the 100m track (mixed gender, all-female, all-male)
- 10 minute Junior relay on the 111.12m track (mixed gender, all-female, all-male)
- 10 minute PACK Open 19+ relay on the 111.12m track (mixed gender).

Sprint Challenges

The Sprint Challenge may be skated as an individual time trial or pursuit-style. The Sprint Challenge must be contested from a standing start with a standard speed skating starting procedure.

The Sprint Challenge will be contested in one of nine categories, as follows:

- 200m FUNd on the 100m track (mixed gender results)
- 200m L2T on the 100m track (gender-specific results)
- 200m T2T on the 100m track (gender-specific results)
- 222m Junior on the 111.12m track (gender-specific results)
- 222m PACK Open 19+ on the 111.12m track (gender-specific results).
